

Vote Hare For Welfare.

Hello my name is Levy a.k.a 'The Hare'; I am running for FXU Welfare Officer. I am currently a third year contemporary theatre student doing a minor in visual art. I like current affairs, hares, hair, heir, derrieres, running really fast, and most of all eggs.

My fascination with eggs and dairy produce began when I was a wee leveret of eight I used to get up at 6.00am and help the local milk man deliver his goods.

I shall relive this childhood memory and try and get up at 6.00 am for all of you, to listen to you and perhaps supply milk.

As well as being able to get at 6.00 am I have good communication skills, as I have taught English to Chinese school children in china as part of a third year art project. Likewise I am a good listener and have been a student mentor in the past.

'The Hare' wants to nourish **creativity** and **identity**.

Nourishing creativity by:

- Increasing opening hours for performance centre and Woodlane spaces.
- Making studio spaces accessible for all artistic disciplines (every discipline) at both performance centre and Woodlane
- Making a more considered studio booking system for both Woodlane and Tremough spaces
- Bridge that 'gap' between Woodlane and Tremough.
- Promoting creative opportunities for students

Nourishing Identity by:

- Altering events like SHAG week, to make it more focused on issues of sexual identity as well as sexual health.
- Making sure all societies have their voice heard on any issue they want.
- Connecting student identity with FXU, through gigs and events.

'The Hare' shall ensure other welfare issues are dealt with, which include:

- discrimination against students
- money problems
- finding jobs
- Accommodation
- Health

Thanks for reading.
